PRACTICAL ELECTRONIC DESIGN TECHNIQUES

India's Premier Product Design
Training Workshop

An Engineering Excellence For Cost Effective SI, PI & EMC
Collaborating With Global Electronic Industry In An Unprecedented Event For India

C-PRAV with the support of MEITY, DoT, TEC and SEMCE(I) is
Organising a Mega event that will help promote a robust Indian
electronic manufacturing ecosystem.

DESIGN + DEVELOPMENT + TESTING + CERTIFICATIONS

The workshop starts with an overview of an entire Product development cycle and then focusses on Product Design aspects with practical references, case studies, demos and Q&As. **The first set of training for "EMC DESIGN + DEVELOPMENT" starts in October 2020.** The next set of training for Testing and Certification is planned for later this year.

The trainer is an EMC power house Mr Keith Armstrong from UK, a Global veteran who is an EMC encyclopaedia. A renowned and well-respected expert with great accolades for his training thousands of professionals globally for past 30 years.

This webinar is designed for Product manufacturers, Product Managers, Program Managers, Marketing Executives, Design Engineers, Specialists, Design house leaders, Product Development Managers, System Integrators, Installers, Start-ups, Design enthusiasts, Entrepreneurs, Compliance Engineers, Engineering Service providers, Electronic component vendors, EMI/EMC filter and suppression component vendors, EMC pre-test equipment vendors, in-house lab engineers, Commercial and Defence Test Lab Engineers, Managers, Regulatory Specialists, Technology and Business Decision makers of Electronic and IoT companies, Telecommunications, Medical, Defence, Automotive Industries and Educational Institutions nurturing young engineers in any of the above fields.

India's electronics industry: One of the fastest-growing in the world

Sponsorships opportunities are now Open:

The information of this workshop is broadcasted globally and extensively within INDIA
Event marketed via email blasts with 1000s of genuine contacts across the world, digital marketing channels, popular magazines, popular events, support from Govt bodies, global partners, etc

A great opportunity for branding your company and reaching out to the "Product Industry" of India and to the Global markets. Do you want to showcase:

- your new or unique product to the world,
- market your design,
- sell your components to the manufacturers,
- introduce your new filters, ferrites, noise suppressors, quiet power supplies,

Benefits of Sponsorship:

- Your company logo and name of your organisation will be displayed on e-banners, e-brochures, e-flyers, e-mail blasts, websites.
- Your company will be mentioned during the workshop sessions.
- Your company representative will get to thank or provide feedback at the end of the workshop.
- You can send a write-up for inclusion in the training notes distributed to all the participants
- 1 free pass for attending the entire webinar

For your reference: event conducted by C-PRAV in 2018: www.SRTCINDIA.in

One Simple Fee

INR 1,00,000 or US\$ 1500 +(GST 18%) flat rate for all of the above privileges

Sponsorship closes on : TBA

Registration for the workshop open: 05th Sept 2020
