## Published Books

*Helping you solve your EMC problems*

## **The First 500 'Banana Skins'**

Nutwood UK, 2007, 500 reports and anecdotes concerning electromagnetic interference (EMI), collected and edited by Keith Armstrong. Purchase from [www.emcacademy.org/books.asp](http://www.emcacademy.org/books.asp).

A very useful book to put in front of your boss when he denies that EMI ever causes costly problems!
